

INDEX by Linear Slide Specifications

Slides are summarised by specifications and listed in ascending order of slide height.

Type	Material	Product Name	Load Capacity N/pc											
			 Vertical Use					 Horizontal Use						
			100	200	300	400	500	100	200	300	400	500		
Min Guide Rails	Aluminium Alloy	MRS15 	 30						 100					
		MRS20 	 175						 300					
		MRS30 	 305						 520					

Type	Material	Product Name	Load Capacity N/pc											
			  Vertical Use (pair)					  Horizontal Use (pair)						
			100	200	300	400	500	100	200	300	400	500		
Linear Slides	Stainless Steel	SCRL2 	 177~235											
		SCRL2-15S 	 177~235											
		ESR9 For Light Weight ※ Suitable for 2 slides use and door weight below 5kg. 												
		TSSL 												
	Aluminium Alloy	ARL2-16 	 20~49						 8~18
